

Total Loss Protection Plan \$5,000

Our TLP safeguards you in the event you experience a total loss of your vehicle. With benefits of up to \$5,000, the protection provided will assist you in purchasing a replacement vehicle, in the form of a down-payment.

Total Loss Protection Program Highlights:

- Both **new and used** vehicles are eligible for protection.
- Receive a benefit allowance of **up to \$5,000** towards the purchase of a replacement vehicle, redeemable at the original selling dealer.
- The benefit is paid **over and above** any additional reimbursements you may receive (such as a primary insurance settlement, GAP coverage, etc).

In the event that your vehicle is declared a total loss, your insurance may not cover all expenses related to purchasing a replacement vehicle.

Additional info and plan prices are available from your dealer.
